

CONSTRUCTIVE GEOMETRY EXAMINATION 2024/2025

Date: 8. 1. 2025, 15. 1. 2025, 22. 1. 2025 and 28. 1. 2025

Time: 9:00

Room: KN:A-404 or KN:A-420

Registration:

The student registers for the exam in the KOS system. Only a student who has already received a credit can take the exam.

Examination cancellation:

The student unsubscribes from the exam in the KOS system no later than 2 days before the deadline. After this period the student can unsubscribe (at the latest on the day of the exam) by e-mail to the lecturer. An unexcused absence is classified by F grade.

Aids:

Drawing aids, ID card

Written examination:

6 examples, 120 minutes, 100 points.

The student must be able to explain each step of his/her calculation or construction. In case of ignorance, the total number of points will be reduced accordingly.

Points number	Grade	
90 - 100	excellent	A
80 - 89	very good	B
70 - 79	good	C
60 - 69	satisfactory	D
50 - 59	sufficient	E
≤ 40	failed	F

Student who received an F grade in the examination can retake the examination. If a student receives an F grade also in the first retake, it is possible to take a second retake, provided that the number of second retakes in all subjects the student has enrolled in during their studies does not exceed double the standard number of years of study. No further retakes are granted.

9. 12. 2024

doc. Ing. Ivana Linkeová, Ph.D.
