

Regulations for the Constructive Geometry Examination 2025/26

Dates: 7. 1., 14. 1., 21. 1., 28. 1., 4. 2., 11. 2., 2026 (Wednesday)
30. 1., 6. 2., 2026 (Friday)

Room: T4:C2-438

Time: 9:00 AM, arrival no later than 8:50 AM

Required: drawing tools, ID card or other valid identification

Registration and cancellation:

Students must register for the examination in the KOS system at least two days before the exam date. Only students who have already earned an assessment can register to the examination. After the cancellation deadline in KOS has passed, students can cancel their registration by email (ivana.linkeova@fs.cvut.cz). Unexcused absence is classified by F grade.

Examination:

The examination has written form, lasts 120 minutes, and consists of 6 problems with a total of 100 points. The final grade is determined according to the following grading table, and the examiner will inform students of their grade during the exam consultation.

Grading table for the course Constructive Geometry (2011018):

Points	Grade	Classification
90 – 100	A	Excellent
80 – 89	B	Very good
70 – 79	C	Good
60 – 69	D	Satisfactory
50 – 59	E	Sufficient
0 – 49	F	Failed

Summer semester:

One additional examination term will be announced in the examination period of the summer semester 2025/26.

21. 11. 2025
